

We remind you that, at present, the risk of Coronavirus infection to the general public in Ontario remains low. We do appreciate your help with these important routine infection control measures. PLEASE USE HAND SANITIZER UPON ARRIVAL TO THE CLINIC. IF YOU HAVE FEVER, COUGH, SNEEZING AND DIFFICULTY BREATHING, PLEASE PUT ON A MASK.

FURTHERMORE, If you have a fever and cough

AND if you have travelled to any hot spots or have been in contact with anyone who has been to:

China, Hong Kong, Italy, Iran, Japan, Singapore, South Korea, Egypt or Washington State

OR if you have had close personal contact with a known or suspected case of coronavirus

OR if you have been contacted by Public Health for suspected exposure to Coronavirus (Covid19).

PLEASE call Public Health at 1-866-888-4577 ext. 5020 or Telehealth Ontario 1-866-797-0000.

THANK YOU!
